1. Introduction

What we do

Healthwatch East Riding is the independent consumer champion for health and social care. We have the power and influence to ensure people's voices are heard by those providing and commissioning local health and social care services. In addition to seeking the public's views ourselves, we also encourage services to involve people in decisions that affect them.

Healthwatch also has a statutory power to 'Enter and View' local services; where we provide recommendations for improvement. To find out more, please visit: <https://www.healthwatcheastridingofyorkshire.co.uk/enter-and-view/>

Every month, Healthwatch gathers information from the public about local health and social care services; which is shared anonymously with the providers and commissioners of these services. This process allows for issues to be addressed as early as possible in order to prevent further escalation.

Experience:	Lady needed a routine blood test and was told they would call to arrange an appointment. Patient waited but no call came. Service Name:	Practice One		
Identified By:	Telephone	Date Recorded:	9 January 2023
Experience:	Relative had contacted us previously with regards to the system of how they order repeat prescriptions changing and how this was reported to them. The Practice One practice manager had agreed to contact them after Healthwatch made contact with the practice manger. A call was made but they were unable to answer and have been waiting for further contact. The relative feels their issue is still unresolved and this is causing them great		

	distress. They have now refused to liaise with the practice due to the distress this causes and have asked Healthwatch to mediate on their behalf.
Actions Taken: (Healthwatch)	Representative emailed link at the practice to see how this can be resolved. Received a phone call with the practice manager (Jan Peacock) who offered a solution. Representative called the relative back who is happy with the outcome and is awaiting confirmation of solution in writing. Practice manager has agreed to action the request. The practice manager was very supportive and went over and above to reach a resolution.

King street medical centre in Cottingham won't register the patient as they aren't a HU16 postcode. Patient was told to find a HU6 surgery. New hall surgery which is a HU6 postcode won't register because the patient is classed as East Riding not Hull.		
Actions Taken: (Healthwatch)	Healthwatch emailed our link at HCP who signposted us to the NHS website that identifies GP access. Healthwatch representative has shared the name of the available practice and contact details that were found and has emailed this to the patient. He was asked if it was really an emergency. Not being able to pass urine is an emergency. He didn't come to A&E just for a day out. This may be his last New Year's Eve and this wait is unacceptable for everyone. No one showed my father compassion, empathy or respect."

She has been encouraged to join in with the many activities and is having a wonderful time and has made lots of friends, which is wonderful as she lived alone prior to going into Overton. Before being admitted, Mum was living on her own at the age of 94. She was being cared for daily by my sisters, who live nearby. I live out of town, so was not able to assist as much as I would have liked. When left on her own, she was lonely and somewhat frightened until my sisters were with her. Identified By:	Carehome.co.uk	Date Recorded:	24 January 2023

Experience:	<p>"Dad went into Goole Hall from September 2022 until January 2023 for respite care, while there the staff got him walking around with a frame which he was struggling to do before going in. We found the room warm and comfortable. All the staff were polite, always knocking before entering and always treating Father with respect and dignity. Nothing was too much trouble, they were always willing to help with anything that he needed. Whenever he used his call button it never seemed long before someone was there. Meals were of good quality and varied cooked meals at midday, sandwiches early evening. Staff are always welcoming when we visited asking us to sign in and always taking us into the room and walking us out when time to leave. Father had his 85th birthday while in Goole Hall, they made him a cake and a bit of a fuss of him - making his day."</p>
